2019 LA Trapshooting State Shoot Follow-up 5/21/19

1. Attendees
 - a. Keith Crissman
 - b. Jim Jenkins
 - c. Danny Batten
 - d. Doyle Brooks
2. State Shoot Lessons Learned
 - a. Next year Jim suggested that we should get Gene Saizon, SW, and / or Keith Crissman/ Johnny Pollard, SE, to encourage the south Louisiana to attend the state shoot. A plan will be discussed at the August meeting which could include letters, personal contact, etc.
 - b. Keith received good feedback on trophies provided but quantity of trophies is greater than other local states as well as added money being different. Jim Jenkins will prepare a comparison for Board review in August.
 - c. Jim felt that delaying the start of the Championship Singles was a good thing. He felt that having people shoot in the rain the previous year may have lowered attendance this year.
 - d. Keith indicated that he heard that diners were waiting for more chicken at the Saturday dinner but none was forthcoming. In general, good reviews on the dinner menu again.
 - e. Jim indicated that TBMGC needs to improve access to the shoot result posting boards to reduce/ eliminate the muddy access. He heard lots of complaints about this. Several different options were discussed. Keith suggested that the Board may want to have a work day to assist.
 - f. It is believed that the T&F writeup will be favorable.
 - g. Doyle noted that the scores need to be posted to the online Scoreboard next year. Jim asked for him in remembering to do this.

- h. Keith heard of a few complaints about the targets on Trap 1 being skewed to the left but this was quickly fixed and complaints stopped.
- 3. Next Board meeting will on August 17th in Ball. This date was selected to allow more time for trophy ordering, shoot program prep and donation inquiries.
- 4. The lady, Jean, that helped cashier will not be available to help next year due to relocating so a replacement will need to be found.
